For my latest Throwback Thursday, I once again go back to one of my absolute favourite series as I check out *Extinction Machine* by Jonathan Maberry, the fifth book in the exciting Joe Ledger series. Long-term readers of this blog will be familiar with my recent obsession with the Joe Ledger thriller novels.

As reports of UFO sightings increase exponentially, Joe Ledger and the Department of Military Sciences try to stop an unknown entity from acquiring new technology that could bring about a world war.

In *Extinction Machine*, the fifth Joe Ledger book by Jonathan Maberry, the DMS must go up against someone—or something—in search of new technology that could bring about world war. The President of the United States vanishes from the White House. A top-secret prototype stealth fighter is destroyed during a test flight. Witnesses on the ground say that it was shot down by a craft that immediately vanished at impossible speeds. All over the world reports of UFOs are increasing at an alarming rate. And in a remote fossil dig in China dinosaur hunters have found something that is definitely not of this earth. There are rumors of alien-human hybrids living among us. Joe Ledger and the Department of Military Sciences rush headlong into the heat of the world's strangest and deadliest arms race, because the global race to recover and retro-engineer alien technologies has just hit a snag. Someone—or something—wants that technology back.

In *ASSASSIN'S CODE*, the fourth book in New York Times bestselling author Jonathan Maberry's Joe Ledger series, Joe Ledger and the DMS go on a relentless chase to stop an ancient order of killers from plunging the entire world into Holy War. When Joe Ledger and Echo Team rescue a group of American college kids held hostage in Iran, the Iranian government then asks them to help find six nuclear bombs planted in the Mideast oil fields. These stolen WMDs will lead Joe and Echo Team into hidden vaults of forbidden knowledge, mass-murder, betrayal, and a brotherhood of genetically-engineered killers with a thirst for blood. Accompanied by the beautiful assassin called Violin, Joe follows a series of clues to find the Book of Shadows, which contains a horrifying truth that threatens to shatter his entire worldview. They say the truth will set you free...not this time. The secrets of the Assassin's Code will set the world ablaze.

For years the Department of Military Sciences has fought to stop terrorists from using radical bioweapons—designer plagues, weaponized pathogens, genetically modified viruses, and even the zombie plague that first brought Ledger into the DMS. These terrible weapons have been locked away in the world's most secure facility. Until now. Joe Ledger and Echo Team are scrambled when a highly elite team of killers breaks the unbreakable security and steals the world's most dangerous weapons. Within days there are outbreaks of mass slaughter and murderous insanity across the American heartland. Can Joe Ledger stop a brilliant and devious master criminal from turning the Land of the Free into a land of the dead? Code Zero, a Joe Ledger novel from Jonathan Maberry, is the exciting direct sequel to Patient Zero.

When you have to kill the same terrorist twice in one week there's either something wrong with your world or something wrong with your skills... and there's nothing wrong with Joe Ledger's skills. And that's both a good, and a bad thing. It's good because he's a Baltimore detective that has just been secretly recruited by the government to lead a new taskforce created to deal with the problems that Homeland Security can't handle. This rapid response group is called the Department of Military Sciences or the DMS for short. It's bad because his first mission is to help stop a group of terrorists from releasing a dreadful bio-weapon that can turn ordinary people into zombies. The fate of the world hangs in the balance....

In Jonathan Maberry's *The Dragon Factory*, Joe Ledger and the DMS (Department of Military Sciences) face their deadliest threat yet when they go up against two competing groups of geneticists bent on world domination. One side is creating exotic transgenic monsters and genetically enhanced mercenary armies; the other is using 21st century technology to continue the Nazi Master Race program begun by Josef Mengele. Both sides want to see the DMS destroyed, and they've drawn first blood. Neither side is prepared for Joe Ledger as he leads Echo Team to war under a black flag.

From New York Times Bestselling author (creator of the Netflix series *V Wars*), Jonathan Maberry comes the first in a brand new series featuring Joe Ledger and Rogue Team International. A small island off the coast of Korea is torn apart by a bioweapon that drives everyone—men, women, and children—insane with murderous rage. The people behind the attack want Korea reunified or destroyed. No middle ground. No mercy. Soon Japan, China, and the United States are pushed to the brink of war, while terrorists threaten to release the rage bioweapon in a way of pure destructive slaughter. Joe Ledger leads his newly formed band of international troubleshooters in their first mission to stop the terror cell, fighting alongside agents from North and South Korea. With the lives of billions at stake, Ledger is willing to bring his own brand of terror to this frightening new war.

The final Joe Ledger novel in Jonathan Maberry's New York Times bestselling series. Terrorists-for-hire have created a weapon that can induce earthquakes and cause dormant volcanoes to erupt. One terrifying side-effect of the weapon is that prior to the devastation, the vibrations drive ordinary people to suicide and violence. A wave of madness begins sweeping the country beginning with a mass shooting in Congress. Joe Ledger and his team go on a wild hunt to stop the terrorists and uncover the global super-power secretly funding them. At every step the stakes increase as it becomes clear that the end-game of this campaign of terror is igniting the Yellowstone caldera, the super-volcano that could destroy America. Deep Silence pits Joe Ledger against terrorists with bleeding-edge science weapons, an international conspiracy, ancient technologies from Atlantis and Lemuria, and an escalating threat that could crack open the entire Earth.

On opening day of the new baseball season a small model-kit airplane flies down from the stands and buzzes the mound, where a decorated veteran pilot is about to throw out the first ball. The toy plane is the exact replica of the one flown by the war hero. Everyone laughs, thinking it's a prank or a publicity stunt. Until it explodes, killing dozens. Seconds later a swarm of killer drones descend upon the picnicked crowd, each one carrying a powerful bomb. All across the country artificial intelligence drive systems in cars, commuter trains and even fighter planes go out of control. The death toll soars as the machines we depend upon every day are turned into engines of destruction. Joe Ledger and the Department of Military Sciences go on the hunt for whoever is controlling these machines, but the every step of the way they are met with traps and shocks that strike to the very heart of the DMS. No one is safe. Nowhere is safe. Enemies old and new rise as America burns. Joe Ledger and his team are back in Jonathan Maberry's seventh book in the series. They begin a desperate search for the secret to this new technology and the madmen behind it. But before they can close in the enemy virus infects Air Force One. The president is trapped aboard as the jet heads toward the heart of New York City. It has become PREDATOR ONE.

Injected by a prison doctor with a formula designed to keep his consciousness awake after death, a condemned serial killer experiences unforeseen, contagious side effects and emerges from his grave to begin a murderous rampage that is combated by two small-town cops.
