If you have seedlings from sowings made earlier in the year, start hardening them off in a cold frame before planting them outside. This will protect them from the worst weather while acclimatising them to lower temperatures. You can also continue sowing seeds, including those of annuals that will provide beautiful flowers later on in the year. Try sowing seeds in batches every two weeks.

How To Plan for Year-Round Colour - BBC Gardeners' World ...

Not only will you learn how to have peas in June and tomatoes in August, but you will also learn how to grow tasty veggies in your garden all year long. Including the dead of winter! All using simple, inexpensive structures like mini hoop houses and cold frames. This is a very thorough look at everything you need to know about year round gardening.

Year Round Gardening | Online Gardening School

Cut down old canes on blackberry, hybrid berries and summer raspberry plants to ground level once all the fruit is picked, and tie in new shoots. Winter-prune currants and gooseberries . Harvest mid-season apples , blackberries , blueberries , grapes , hybrid berries, early pears, midseason plums and autumn raspberries .

A wildlife garden can be an excellent teaching resource. It can offer a rich habitat for insects, amphibians, birds and even small mammals of all kinds. The size of the plot may present limitations on the numbers and variety of the plants you choose, but some native plants are essential for an ecologically balanced wildlife community which can be further enhanced by a colourful garden border.
