Two sisters are suddenly sent from their home in Brooklyn to Barbados to live with their grandmother, in Naomi Jackson's stunning debut novel This lyrical novel of community, betrayal, and love centers on an unforgettable matriarchal family in Barbados. Two sisters, ages ten and sixteen, are exiled from Brooklyn to Bird Hill in Barbados after their mother can no longer care for them. The young Phaedra and her older sister, Dionne, live for the summer of 1989 with their grandmother Hyacinth, a midwife and practitioner of the local spiritual practice of obeah. Dionne spends the summer in search of love, testing her grandmother's limits, and wanting to go home. Phaedra explores Bird Hill, where her family has lived for

generations, accompanies her grandmother in her role as a midwife, and investigates their mother's mysterious life. This tautly paced coming-of-age story builds to a crisis when the father they barely know comes to Bird Hill to reclaim his daughters, and both Phaedra and Dionne must choose between the Brooklyn they once knew and loved or the Barbados of their family. Naomi Jackson's Barbados and her characters are singular, especially the wise Hyacinth and the heartbreaking young Phaedra, who is coming into her own as a young woman amid the tumult of her family. Praise for *The Star Side of Bird Hill*: "Once in a while, you'll stumble onto a book like this, one so poetic in its descriptions and so alive with lovable, frustrating, painfully real characters, that your emotional response to it becomes almost physical. . . . The dual coming-of-age story alone could melt the sternest of hearts, but Jackson's exquisite prose is a marvel too. . . . A gem of a book." —Entertainment Weekly (A)

Think and Grow Rich has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to

produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original *Think and Grow Rich*, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

A strikingly innovative and powerful story, *Death Coming Up the Hill* portrays the momentous events of the year 1968 as seen through the eyes of a perceptive seventeen-year-old boy. "Take a look at this gripping, fast-moving quick pick." --*The Bulletin* It's 1968, and war is not foreign to seventeen-year-old Ashe. His racist father married his peace-activist mother when she became pregnant with him, and ever since, the couple, like the situation in Vietnam, has been engaged in a "senseless war that could have been prevented." When his high school teacher dares to teach the political

realities of the war, Ashe grows to better understand the situation in Vietnam, his family, and the world around him. But when a new crisis hits his parents' marriage, Ashe finds himself trapped, with no options before him but to enter the fray.

From #1 Wall Street Journal and New York Times bestselling author Robert Dugoni. Sam Hill always saw the world through different eyes. Born with red pupils, he was called "Devil Boy" by his classmates; "God's will" is what his mother called his ocular albinism. Her words were of little comfort, but Sam persevered, buoyed by his mother's devout faith, his father's practical wisdom, and his two other misfit friends. Sam believed it was God who sent Ernie Cantwell, the only African American kid in his class, to be the friend he so desperately needed. And that it was God's idea for Mickie Kennedy to storm into Our Lady of Mercy like a tornado, uprooting every rule Sam had been taught about boys and girls. Forty years

later, Sam, a small-town eye doctor, is no longer certain anything was by design--especially not the tragedy that caused him to turn his back on his friends, his hometown, and the life he'd always known. Running from the pain, eyes closed, served little purpose. Now, as he looks back on his life, Sam embarks on a journey that will take him halfway around the world. This time, his eyes are wide open--bringing into clear view what changed him, defined him, and made him so afraid, until he can finally see what truly matters.
