From the author of The Real History Behind the Templars--the origins and stories behind end-of-the-world predictions throughout history, from Revelations to 2012. In entertaining and sharp prose, historian Sharan Newman explores theories of world destruction from ancient times up to the present day- theories which reveal as much about human nature as they do about the predominant historical, scientific, and religious beliefs of the time. Readers will find answers to the following end-of-times questions: ?Did the Mayans really say the world will end in December 2012? ?How have the signs in the New Testament Book of Revelations been interpreted over the years? ?How did ancient Egyptians, Norse, and Chinese think the world would end? ?When did Nostradamus predict that the last days would come? ?Does the I Ching reference 2012? ?Why didn't the world end in Y2K? ?Are meteors, global warming, super-volcanoes, and the threat of nuclear war signs that the end is near?

A Parent's Guidebook to Minecraft® Is Minecraft® a game? A computerized construction toy? This book helps you understand exactly what Minecraft® is, why kids love it, and why it may offer much more than what you've come to expect from a game. A Parent's Guidebook to Minecraft® is written for parents, caregivers, educators, and anyone else who has kids swept up in the Minecraft® phenomenon. This handbook explains how to install, set up, and play the game, so that even adults with minimum computer literacy can step in and help their children--and play alongside them. Moving beyond the basics, this practical guide explores larger questions such as online safety, be it playing in multi-player worlds or posting on forums or YouTube. It also examines the social and academic advantages to be found in Minecraft® and offers realistic solutions to challenges such as time management and conflicts over computer use. With a simple, friendly, and open style, A Parent's Guidebook to Minecraft® offers practical help and new ways to connect with children who play this exciting and creative game. You'll learn to Make playing Minecraft® a rewarding experience for your kids--and the entire family. Set limits and ensure the computer doesn't become a source of conflict. Take advantage of the social aspects of Minecraft® and keep your kids safe online. Gather supplies, craft items, and build structures. Avoid monsters--or just remove them from the game. Set up a server in your home. Minecraft® is a trademark of Mojang Synergies/Notch Development AB. This book is not affiliated with or sponsored by Mojang

An essential tool for writers, editors, proofreaders, designers, copywriters, production managers, and marketers too. The Christian Writer's Manual of Style is an essential tool not only for writers of religious materials, but for their editors, proofreaders, designers, copywriters, production managers, and even marketers. Rather than simply repeating style information commonly available in standard references, this newly updated and expanded edition includes points of grammar, punctuation, usage, book production and design, and written style that are often overlooked in other manuals. It focuses on information relating to the unique needs and demands of religious publications, such as discussions on how to correctly quote the Bible, how to capitalize and use common religious terms, and how to abbreviate the books of the Bible and other religious words. Also included are rarely found items such as:• an author's guide to obtaining permissions• guidelines for using American, British, and Mid-Atlantic styles• discussions of inclusive language, profanity, and ethnic sensitivities• discussions of Internet and computer-related language style• a list of problem words• style issues regarding words from major world religions• a discussion of handling brand names in text• a list of common interjections• issues of type design, paper, copy-fit This edition has been completely updated since the 1988 edition and contains more than twice as much information as the previous edition. This is the most detailed and comprehensive guide of its kind.

Yoga today connotes many images and ideas -- from holy men on a high mountaintop to throngs of young women toting designer mats. Yoga, meaning 'union,' is actually a many-layered discipline designed to help an individual attain health, serenity, focus, and ultimately, union with the Divine. Aleister Crowley was one of the first Europeans to practice yoga and believed the practice was essential to spiritual growth, stating that 'Magick is a Pyramid built layer by layer. The work of the Body of Light -- with the technique of Yoga -- is the foundation of the whole.' This succinct and uniquely helpful book explores the frequently overlooked importance of bringing a healthy body and a clear-thinking mind to the practice of ceremonial magick or Wicca. While many books on magick discuss the importance of ritual, almost none point to the physical, spiritual, and moral quality necessary to make those rituals effective. Spiritual power demands physical health and the contemporary western practitioner can learn much from the ancient tradition of yoga.

The original best-selling guide to the best sites available on the Internet divides websites into sections and genres, focusing on what unique features set each one apart from the rest. This guide includes approximately 5000 sites, each of which is rated for content, value, ease of use, and speed.

Tough Fronts takes the difficult issues in urban education head on by putting street-savvy students at the forefront of the discussion on how to best make successful changes for inner city schools. Individual chapters discuss scholarly depictions of black America, the social complexity of the teacher-student relationship, individual success stories of 'at-risk' programs, popular images of urban students, and implications for education policy. With close attention to the voices of individual students, this engaging book gives vitality and legitimacy to arguments for school changes that have been lacking in previous discussions.

Social workers praised the First Edition of this book for clearly demonstrating how research methods can be linked to everyday practice in generalist settings. Now Research Methods for Generalist Social Work, Second Edition makes the connection between practice and research methods even clearer.
