The New Science Of Giambattista Vico : Goddard Bergin ...

Despite that this historic book 'New Science' by Giambattista Vico (written around 1744) is one which broke new ground in studying ancient myths, law, and history, I cannot get past his constant boosting of Christianity as being so clearly superior to all other religions especially since his belief is that the Christian God is real while these other gods are barbaric.

Giambattista Vico

Giambattista Vico. First published Wed Jun 11, 2003; substantive revision Thu Aug 2, 2018. Giovanni Battista Vico (1668–1744) spent most of his professional life as Professor of Rhetoric at the University of Naples. He was trained in jurisprudence, but read widely in Classics, philology, and philosophy, all of which informed his highly original views on history, historiography, and culture.
