accounting, this flexible book introduces the reader to the basic accounting principles at work in both governmental and not-for-profit organizations. This brief book divides most of the chapters into independent sections, which may be covered as separate units. The information on state and local government financial reporting has been updated for coverage of the new financial reporting model, the reporting entity, and financial condition analysis. New examples have been added to more clearly describe the nature of lease accounting. The module on pension trust funds has been rewritten to reflect new GASB pronouncements in a simpler format. New material was added

on the measurement of pension costs and other post-employment benefits. For accountants wishing to increase or refresh their knowledge of government and not-for-profit accounting or public budgeting.

Have you wondered how to survive the storms of life, remain standing afterwards, and feel the peace that surpasses all understanding that God speaks of? This book is about life circumstances that seem destined to destroy us and freeze us in pain. It is about some of my own experiences through which I have been able to see beyond the pain, and find that peace

described in Philippians 4:6-8. We have a choice. We can either look at life through the pain, darkness, and filth of the world and what it has dealt us or we can choose to stay in the peace God calls the "secret place," viewing the world and its events through the stained glass of His love and peace.

This text is an unbound, three hole punched version.  
Government and Not-for-Profit Accounting, 7th Edition by Michael Granof, Saleha Khumawala, Thad Calabrese, and Daniel Smith makes students aware of the dynamism of government and not-for-profit accounting and of the intellectual challenges that it presents. Not
