Kawabata . . .~~

The Manga Guide to the Universe is another offering in The Manga Guide to . . . , this time focusing on modern astronomy. And this is not astronomy as in star watching, this is astronomy as in modern physics. It tries to get across the fact that science is about answering questions through reason and data.

must start with this genre.
Many of the series available
in English fall into this
category. Shonen manga are
targeted toward teenage
boys. It's one of the
equivalent genres to YA.
While there are exceptions,
shonen manga typically
feature lots of action and
male protagonists who want
to get stronger in some way.
